PROJECT ON THE CRITICAL PATH

T. Rowe Price-Phase II
J.E. Dunn Rocky Mountain, Inc.INTRODUCING A
NEW EMPLOYEEKatie McBride-Jensen—

was recently hired as Project Control Engineer with Scheduling Consultants, Ltd. Katie received a Bachelor of Arts degree concentrating on Architectural Studies from the University of Kansas in 2001. After receiving her degree, Katie became an Assistant Project Manager with SportsOne Development, Inc. There, she analyzed construction budgets, accounts payable/receivable, and she coordinated schedules for subcontractors.

In November of 2002, Katie left SportsOne Development to become a preconstruction services administrator at Saunders Construction, Inc. There, she administered pre-construction services for the vice president, and assisted the senior and lead estimators.

She received her Master of Science degree with an emphasis in Construction Management and Sustainable Building from Colorado State University. While attending the University, Katie became an instructor, research assistant, and a graduate teaching assistant. Katie is an educator of SureTrak 3.0, and also has training experience with surveying equipment.

Katie and her husband Brian recently welcomed baby girl Mae into the world on September 29th. SCL is excited for Katie to return to work as we are all grateful to have her knowledge and experience to help serve our clients.

T. Rowe Price—Phase II

Project Value: \$30 Million
Project Start Date: October 2006
Project End Date: December 2007

T Rowe Price—Phase II is the second of a four-building campus in Colorado Springs, CO. T. Rowe Price is one of the largest mutual fund providers in the U.S. The building contains mass amounts of telephone and computer communications equipment. Phase II of the campus contains raised flooring throughout the building with an adjacent parking garage. The four story building is comprised of structural steel and has over 140,000 gross square feet. The exterior is a masonry veneer with stone highlights. Scheduling Consultants also managed the schedule for T. Rowe Price—Phase I. That project was under contract with The Weitz Company.
